

COLDSTREAM

Undercounter

WATER FILTRATION

The Coldstream Undercounter Water Purification System is a reliable and efficient solution for obtaining clean drinking water in your kitchen. Designed to be installed under your sink, it connects directly to the cold water pipe, allowing clean water to be dispensed from the existing kitchen tap or faucet.

KEY FEATURES

- Powerful Filtration** — Removes 99.9% of contaminants including PFAs, ensuring clean and safe drinking water
- Globally Certified** — Endorsed by NSF, IAPMO and other recognized certifications
- Simple Installation** — Easily connects to the kitchen's cold water pipe
- Long Lasting** — The included Coldstream MAX filter has a capacity of 10,000 L
- Fast Flow** — Delivers purified water at a rate of 2.5 LPM
- Lightweight and Portable** — Compact design allows for easy transportation and installation
- Cost Efficient** — Affordable and requires no electricity, offering cost-effective filtration
- Improved Taste** — Activated carbon enhances the taste of water while retaining essential minerals

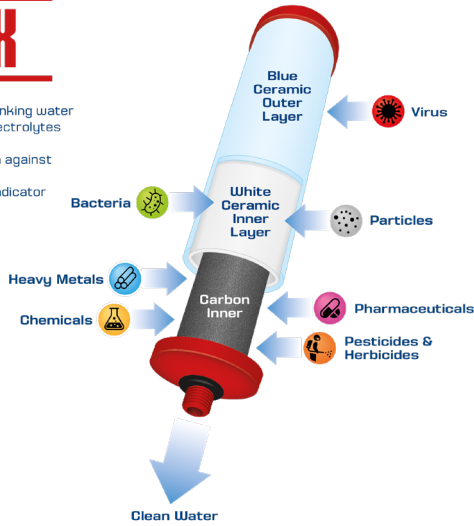

BENEFITS

- Long-lasting Filtration** — With its long filter lifespan of 10,000 L, the system offers prolonged filtration performance, reducing the frequency of filter replacements and providing consistent water purification at a high standard.
- Compact Design** — The compact and space-saving design of the under-counter system allows it to be easily integrated into different water system configurations, accommodating diverse kitchen layouts.

MAX

- For great tasting drinking water
- Healthy salts and electrolytes stay in the water
- Maximum protection against water pollutants
- Filter replacement indicator
- No power required

Our mission at Business Connect is to provide citizens living in the global south with affordable and easy access to clean water, through the creation of a sustainable, local business model. We are headquartered in Grand Rapids, Michigan and have a global network of distributors that impact more than 70 countries. Through every purchase, you are supporting entrepreneurs in the global south to build their own businesses, help themselves out of poverty, and provide access to clean water in their community.
