

NAZAVA Water Filter

WATER FILTRATION

The Nazava Water Filter is a powerful and practical countertop water filtration system. The system will turn contaminated, dirty surface water into clean drinking water. Inexpensive for its power, the Nazava Water Filter will effectively provide drinking water for a family of five.

KEY FEATURES

- 💧 **Simple To Use** — Just pour water into the top of the water tank. To retrieve clean water, pour from the spout at the base of the filtration system.
- 💧 **Easy To Maintain** — To clean the water filter, scrub it with a clean sponge or brush under running water without using soap or detergent.
- 💧 **Improves Taste** — The Nazava Water Filter allows a flow rate of 2L/hour. It is a durable and long-lasting filter, designed to last a family for 7,000 liters.
- 💧 **Large Volume** — 32L capacity allows water for the whole family
- 💧 **No Electricity** — The Nazava Water Filter requires no electricity to operate, making it a useful drinking water solution in place of complex water systems.
- 💧 **WHO Certified** — This filter is WHO certified at a 1-star protection level rating.
- 💧 **Durable Design** — It is a durable and long-lasting filter, designed to last a family for 7,000 liters.
- 💧 **Little Maintenance** — When the Nazava Water Filter's PROT3CT filter diameter is less than five centimeters, the filter needs to be replaced.

BENEFITS

- Highly Effective** – The filter itself is a ceramic candle filter fortified with silver and activated carbon to purify water. It works by allowing water to pass through the ceramic candle under gravity, physically removing microorganisms from the water.
- Durable and Dependable** – The Nazava Water Filter contains the manufacturer's standard PROT3CT filter element, which is tested and confirmed to provide targeted protection against bacteria and protozoa.

Our mission at Business Connect is to provide citizens living in the global south with affordable and easy access to clean water, through the creation of a sustainable, local business model. We are headquartered in Grand Rapids, Michigan and have a global network of distributors that impact more than 70 countries. Through every purchase, you are supporting entrepreneurs in the global south to build their own businesses, help themselves out of poverty, and provide access to clean water in their community.
