

UZIMA

UZ-2

WATER FILTRATION

The Uzima UZ-2 is a complete stacked-bucket water filtration system which filters into a provided collection point. Its simplicity differentiates it from other water filtration systems: just pour water in the top and enjoy fresh, clean water from the tap whenever you need it.

KEY FEATURES

- 💧 **Powerful Filtration** — Hollow fiber membrane protects against bacteria, viruses, and cysts
- 💧 **Globally Certified** — WHO Star Certification, quality certified by the International Org. for Standardization
- 💧 **Easy to Use** — Just pour directly in the top bucket and receive clean water from the lower container
- 💧 **Fast Flow** — Meets or exceeds competitive 1 liter/minute flow rate
- 💧 **Large Volume** — Fills with 16L of water
- 💧 **Long Lasting** — Shelf stable and designed to provide clean water for 5-10 years
- 💧 **Sustainable** — Saves water over time and produces less plastic waste
- 💧 **Seamless Installation** — Stacked water collection buckets attach smoothly without difficult configuration

BENEFITS

- Changes Lives** — Live better without the fear of contracting waterborne illness. The UZ-2 allows families to access clean water instantly and without hassle—a necessary combination for a healthier, happier life
- No Power Needed** — The UZ-2 works without need for electricity or fire, giving back time and resources to everyone who purchases it.

Our mission at Business Connect is to provide citizens living in the global south with affordable and easy access to clean water, through the creation of a sustainable, local business model. We are headquartered in Grand Rapids, Michigan and have a global network of distributors that impact more than 70 countries. Through every purchase, you are supporting entrepreneurs in the global south to build their own businesses, help themselves out of poverty, and provide access to clean water in their community.
