

PURIBAG Pro System

WATER FILTRATION & TREATMENT

The Puribag Pro is an all-encompassing portable water filtration and treatment system. In 30 minutes or less, the Puribag Pro combines flocculation, sorption, chlorine disinfection, and carbon / HFM filtration to dispense clean drinking water wherever you are.

KEY FEATURES

- 💧 **Advanced Purification** — Extensive purification process guards against bacteria, viruses, and protozoa
- 💧 **Simple to Use** — Follow the simple Puribag purification process: just add attached filter straw tubing
- 💧 **Fast Treatment** — Entire treatment process is complete in 30 minutes or less
- 💧 **Long Lasting** — HFM filters for up to 5,000 liters
- 💧 **Lightweight** — Weighs less than a pound for easy carrying
- 💧 **Seamless Installation** — Incorporates directly into water delivery systems already in use
- 💧 **Versatile Application** — Choose water filtration or treatment depending on your needs
- 💧 **Improves Taste** — Carbon filtration option improves taste & odor of treated water
- 💧 **Seamless Installation** — Attached hose adaptor fits perfectly on existing Puribag

BENEFITS

Provides Peace of Mind — 4-in-1 water purification creates virtually perfect drinking water. Achieve peace of mind with clean, great-tasting water for you and your family.

Effective in Emergencies — Puribag is compact, making it the perfect product to store before natural disaster. With the Pro System, you can access fresh, clean drinking water from even turbid, standing, or metallic water sources likely to be present during natural disaster.
