

ROAMFILTER

Mini 2

WATER FILTRATION

The Wateroam ROAMfilter Mini is a compact water filtration device deployed at the water source. Lightweight and portable, the Mini is suited for use at the campsite or used in-line for the whole family at home.

KEY FEATURES

- 💧 **Highly Effective** — 0.02 ultrafiltration membrane removes viruses, bacteria, and protozoa
- 💧 **Globally Certified** — Independently certified by the WHO and implemented by the Red Cross
- 💧 **Simple to Use** — Rest inlet hose into a water source and hand pump fresh water into a container
- 💧 **Long Lasting** — Filters for a lifespan of up to 500,000 liters
- 💧 **Lightweight** — Whole system weighs under 7 lbs
- 💧 **Durable** — Body made from strong thermoplastic PVC
- 💧 **Easy Maintenance** — Simple step-by-step forward flush cleaning feature ensures sustained filter use
- 💧 **Versatile Application** — Filter can be installed inline or hand pumped for immediate use

BENEFITS

- 💧 **Filter Direct from the Source** — Bring the ROAMfilter Plus to any fresh water source and let it filter out harmful contaminants. Trust it to filter even turbid or standing water.
- 💧 **No Power Needed** — The ROAMfilter Plus has a unique hand pump design, removing the need for electricity. In an emergency, it can bring water to small communities in areas without power.

Our mission at Business Connect is to provide citizens living in the global south with affordable and easy access to clean water, through the creation of a sustainable, local business model. We are headquartered in Grand Rapids, Michigan and have a global network of distributors that impact more than 70 countries. Through every purchase, you are supporting entrepreneurs in the global south to build their own businesses, help themselves out of poverty, and provide access to clean water in their community.
