

THYROSAFE

65mg Tablet x 20

ThyroSafe tablets offer crucial radiation protection during nuclear emergencies, preventing harmful iodine intake into the thyroid. FDA-approved and suitable for all ages, each tablet is scored for easy dosing.

KEY FEATURES

- **FDA Approved** - ThyroSafe is a US FDA-approved radiation protection tablet, meaning it is approved for use by you and your family in the event of a radiation emergency.
- **Long Shelf Life** - Add ThyroSafe to your survival supplies as your chosen potassium iodide anti-radiation tablets. These tablets have a shelf life of up to 10 years, making them great prepper gear and supplies.
- **Indicated For All Ages** - FDA-approved potassium iodide can be taken by family members of any age, and ThyroSafe tablets are scored for easy splitting. Dosing instructions are listed clearly on the packaging.
- **When To Take** - To be taken immediately after public officials tell you to take potassium iodide tablets for radiation exposure. ThyroSafe should only be taken when directed by a public official in the event of an emergency.
- **Feel Safe & Secure** - Ensure peace of mind: ThyroSafe potassium iodide anti-radiation tablets could prevent harmful high intake of radiation to the thyroid, which is especially sensitive to it.

BENEFITS

- **Protect Your Family** — Over 150 million Americans live within 50 miles of a nuclear plant, making exposure that much more probable for a family. Ensure that your family is prepared for radioactive exposure with the ThyroSafe tablets. These are suitable for all ages and can be taken immediately once officials announce possible radiation within your area.
- **Lightweight and Portable** — ThyroSafe comes in a compact 20-tablet package that can be stored for 10 years before use. This product can be stored in any area and can be easily transported from place to place.

Our mission at Business Connect is to provide citizens living in the global south with affordable and easy access to clean water, through the creation of a sustainable, local business model. We are headquartered in Grand Rapids, Michigan and have a global network of distributors that impact more than 70 countries. Through every purchase, you are supporting entrepreneurs in the global south to build their own businesses, help themselves out of poverty, and provide access to clean water in their community.
