

AQUAGENX

Alert Test (CBT EC+TC)

WATER TESTING

The Aquagenx Alert Water Test (E. coli & Total Coliform - P/A - CBT) detects both E. coli and Total Coliform Bacteria in a 100 mL sample. If contaminants are found, the water in the sample will turn blue.

KEY FEATURES

- 💧 **Highly Effective** — Protects against E. coli and Total Coliform
- 💧 **Globally Certified** — Meets WHO guidelines for drinking water quality
- 💧 **Simple to Use** — Collect the sample, add growth medium powder, wait, and score results
- 💧 **Fast Treatment** — Entire process takes 20-48 hours without having to send to a lab
- 💧 **Long Lasting** — Three year shelf life from date of manufacture
- 💧 **Lightweight** — Compact and lightweight design
- 💧 **Temperature Controlled** — Works at variable temperatures, constant temperature control not required
- 💧 **No Lab Required** — No electricity, lab, cold chain equipment required

BENEFITS

- Dependable** — This simple to use product has a three year shelf life from date of manufacture, making it a reliable water test kit.
- Simple to Use**— With just four steps, this water test kit is a breeze. Collect your sample, add the growth medium powder, wait, and then score your results.

THE AQUAGENX ALERT How to Use

Our mission at Business Connect is to provide citizens living in the global south with affordable and easy access to clean water, through the creation of a sustainable, local business model. We are headquartered in Grand Rapids, Michigan and have a global network of distributors that impact more than 70 countries. Through every purchase, you are supporting entrepreneurs in the global south to build their own businesses, help themselves out of poverty, and provide access to clean water in their community.
