

AQUAGENX

Pinpoint Test (*E. coli* - CFU)

WATER TESTING

The Aquagenx Pinpoint Water Test (*E. coli* - CFU) detects *E. coli* colonies in your water without the use of membrane filtration equipment. This simple and easy to use water test will ensure you have access to the condition of your water quality.

KEY FEATURES

- 💧 **Highly Effective** — Lab-grade detection of *E. coli* colonies
- 💧 **Globally Certified** — Meets WHO guidelines for drinking water quality
- 💧 **Simple to Use** — Collect sample, add growth medium and gel powder, incubate at ambient temperature, and count blue EC colonies
- 💧 **Fast Treatment** — Entire process takes 20-24 hours without having to send to a lab
- 💧 **Long Lasting** — Three year shelf life from date of manufacture
- 💧 **Lightweight** — Compact and lightweight design
- 💧 **Temperature Controlled** — Works at variable temperatures, constant temperature control not required
- 💧 **No Lab Required** — No electricity, lab, cold chain or equipment required

BENEFITS

- 💧 **No Electricity Required** — No electricity, lab, cold chain or equipment is required to run this test, making it perfect for rural communities.
- 💧 **Fast Acting** — The entire process takes 20-24 hours without having to send off somewhere else, meaning you can have peace of mind about your drinking water faster

Our mission at Business Connect is to provide citizens living in the global south with affordable and easy access to clean water, through the creation of a sustainable, local business model. We are headquartered in Grand Rapids, Michigan and have a global network of distributors that impact more than 70 countries. Through every purchase, you are supporting entrepreneurs in the global south to build their own businesses, help themselves out of poverty, and provide access to clean water in their community.
