Home Water Filter

WATER FILTRATION

The VF100 Water Filter is an easy to use water filter that works to remove contaminants from a variety of water sources. The VF100 can be easily attached to any plastic bucket or bottle to provide clean water in minutes. The device is easy to clean and will last for many years when properly maintained.

KEY FEATURES

- 💧 **Highly Effective** — Filter protects against bacteria, protozoa, and cysts
- 💧 **Globally Certified** — Independently tested and certified by the WHO
- 💧 **Simple to Use** — Kit includes everything needed to install, use, and maintain the filter over time
- 💧 **Fast Flow** — Filter supplies up to 1 liter (.25 gallons) of clean water per minute
- 💧 **Long Lasting** — With proper maintenance, the VF100 will last up to 10 years
- 💧 **Durable** — Heavy duty plastic casing provides inner filter cartridge protection against general abuse
- 💧 **Unique Design** — Included kit adaptors enable the VF100 to connect to buckets, bottles, or directly to a spigot
- 💧 **Easy Maintenance** — Included luer lock syringe allows for easy backflushing, ensuring the filter's longevity

BENEFITS

- Hassle Free** — The VF100 makes cleaning easy! In the event that the back flushing syringe is lost, a plastic coke bottle can be used to clean the filter.
- Improves Standard of Living** — By eliminating harmful bacteria from an individual's drinking water, people spend less time sick. This helps keep children in school and allows adults more time at work to provide for their families.
