

UZIMA

D-Prep+

WATER FILTRATION

The Uzima D-Prep+ is a rugged, field-ready emergency water filtration and storage system designed for nonprofits and disaster response teams operating in unpredictable, high-risk environments. Compact, collapsible, and easy to deploy, this 10-liter water bladder ensures access to safe drinking water without electricity or complicated setup.

KEY FEATURES

- 💧 **Crisis-Ready** — Ideal for floods, hurricanes, wildfires, and grid-down emergencies
- 💧 **Nonprofit-Tested** — Designed for field workers, volunteers, and rapid-deployment response teams
- 💧 **Safe Water Access** — Supports immediate water needs in shelters, temporary camps, and remote deployments
- 💧 **Portable & Scalable** — Collapsible design fits into pre-positioned kits and is easy to distribute at scale
- 💧 **Built to Withstand Tough Conditions** — Reinforced materials resist punctures, tearing, and UV exposure
- 💧 **Versatile** — Can be used with or without the filter for water transport, storage, and handwashing stations

BENEFITS

- 💧 **Disaster Relief Made Practical** — When disaster strikes, clean water is one of the first and most urgent needs. The D-Prep+ system is designed for fast deployment, easy use, and reliable protection—making it ideal for NGOs preparing for floods, wildfires, hurricanes, or community displacement.
- 💧 **Fits in a Go-Bag. Serves a Community** — Unlike bulky filters or fragile plastic jugs, the D-Prep+ collapsible water bag is built for mobile teams, volunteer workers, and emergency shelters. From food banks to medical response trailers, it helps extend safe water access in the field.

Our mission at Business Connect is to provide citizens living in the global south with affordable and easy access to clean water, through the creation of a sustainable, local business model. We are headquartered in Grand Rapids, Michigan and have a global network of distributors that impact more than 70 countries. Through every purchase, you are supporting entrepreneurs in the global south to build their own businesses, help themselves out of poverty, and provide access to clean water in their community.
